**To whom it may concern**

The ladies from Purple Frog, Natascha Jordaan and Annette Jordaan, did a fantastic job on the Verimark Holdings Limited Annual Report for the year ended 28 February 2011 and also on the Results Presentation material.

They were professional at all times and came up with a variety of creative and exciting proposals. Their project management was very professional and efficient. It was a pleasure to communicate and work with them.

I would recommend Purple Frog without hesitation!

Yours truly
